

Memories

Nadia keroumi.

2023

Dedicace:

I didacate this book to my family ,my freinds, my flowers..

leave me as you want.

leave me as you want.

And when you want.

I know that you're
now alone, but.

I am like the sun.

Shine where i go

Smile at evryone

Am not alone

as you are.

I am with my

Notebook papier

And my pen.

Leave me as you want.

Betwen us there is a few

lines, but our hearts

Are so closes.

I wrote a poem for you.

I wrote a lines for you.
I wrote our mémoires.
To See your face
In my notebook papier
To meet you
And Hug you.
To see your softs
eyes in the blak night
Like the stars.
Between the lines
there is no letters but
your letters
Y our mémoires in my
alonesse make me better.
your love make me
happy and many times
sad.

I tray to forget you but
your love refuse.

Cause.

I still love you.

My ex-lover, exuse
my word, my poem

Esxuse me.

without word i can
niver sleep in the night.

without you

I am without you

like a bird

In the sky.

flays, and its eyes

see an others places

I have no choice.

I see your face

when i close

My eyes.

aloneness

After many years i realize
that you were very important
in my life, but i wasn't
the same in your life.
when we sheerd the same
secrets, and the same
dreams, we were happy
but now we are not happy
and evryone suffers and
cleans its tears alone
and finaly aloness
will be the first word
that can expline.
our situation .

Something in my heart.

I have something
in my heart
that i can't say..
That may kill me
one day.
may be i should say..
I am sorry cause i cray
now besides your
picturs..
besides yours memories..
May be i draw with
your self another
dream, but you are
saying to me how?
I know i am just a nice
dream for you..
And you just made
its end now..

I want cry alone..

I want forget you.

But i just answer you

how can i forget you?

And your memories stay

in my deep heart..

I feel sometimes i want cry

sometimes, i want die.

i don't know.

A lie

I get my gift.

really when you lay

at me.

I get my answer.

And everything was

silent.

for you it is just

coincidence.

you answer me

if i danced? yes

I danced many times

but, the best dance

was for me when

you was in my life.

should i believe ?

you should beby

cause i can not lay

like you.

i am like a biterflay.

i can flay just when
there is flower.
my world can not be like
yours cause iam difrent..
I am idiont but.
a little bit intelligent.
sometimes cause
i can reslize when you
lay at me.
in order to be another
one.

A guest.

May be i should say
that you were in my
past.

A good guest.

But you went fast

You didn't stay

or crossed with me

another walk

You apologized to

me the first.

Cause you were

gelty.

And may be i was

a guest too in your

life but, i was not

like you.

You still exist in

my lines..

cause your memories
still live in the bottom
of my heart
wish make me happy
sometimes, and sometimes
sad..
